

We are inviting you to join us at this year's event holding at-----

Like you already know this event offers huge opportunities to Vendors and manufacturers alike thereby helping to harness growing health care needs in Nigeria and hi-tech Medicare technology available around the world. This event will have in attendance at least, five thousand (5000) medical professionals as they have done every other year in the past. This number of participants does not exclude other key stakeholders like the representatives of the Federal Executive Council of Nigeria, State Governors, and Federal Ministers for Health, Labour, Trade, and Investments; and other distinguished/invited foreign stakeholders who would be present at this event.

The competitive edge that our company has over every other company in the West African market is that she gets involved in major activities that concern this industry, forms relationships with major stakeholders and maintains a loyal customer-centered interaction. Over the years our company has participated and sponsored medical exhibitions; facilitated trainings and workshops.

We have booked ahead large exhibition space with you in mind. This show will cost \$10,000 . To this need, she will not just require your presence at these workshops but also a support of \$500 to enable her meet with the conference requirements: participation, sponsorship, suitable exhibition stands design, product launch, and conference branding (online and offline) etc.

I will be following up with you within the next few days to discuss your interest. Please feel free to reach out to me with any questions

Yours truly,
